NEW BUILDING CONSTRUCTION PROGRESSING QUITE RAPIDLY

By WILLIAM TYLER

Mr. Chuck Mardis, the contractor building the new Columbia Basin College Science Buildings, said today that the buildings will be ready for occupancy on or before the 15th of July.

Construction of the new buildings has been progressing rapidly since the first of the year. The door and window casings have arrived, and construction is going according to schedule. The buildings now have roofs over them, and most of the bricks have been laid along the front of the buildings.

The boiler has been installed, and one wall of this boiler room has been built with provisions made for taking out this wall at a later date and installing another boiler.

Work is progressing rapidly

on the door facings, electrical installations and miscellaneous welding on the insides of the buildings. "We have all our material now, and we will try to complete the construction before the 15th of July," Mr. Mardis said.

Herman Jaeger, the Pasco School Director said today that the money is available for construction on the other classroom buildings and that work will start in August of this year to be completed in one year. The cost of these new buildings combined will be approximately \$1,650,000, of which 80 per cent will be state financed.

The land for the campus is approximately 158 acres in size and was purchased from the city of Pasco for one dollar.

Washington Art Association Has Convention Here

As part of a State Art Exhibit, the work of several Columbia Basin College students will be displayed at the Pasco High School during the first week in May.

The items from C.B.C. will include mobiles, water color, design problems, and abstracts. Exhibits from Mrs. Porter's high school art class will be on display.

Professional artists from all over the state will be in the Tri-City area giving demonstrations and lectures during the week of the exhibit.

'Science And World Affairs' Topic Of Nuclear Scientist

In a speech at the Pasco High School auditorium Thursday night at 8 o'clock, Dr. Ralph E. Lapp, nuclear scientist, spoke on "Science and World Affairs." Dr. Lapp was born in Buffalo, N. Y. He is a graduate of the University of Chicago, and has earned his doctorate in physics.

An audience of about one hundred attended the speech with much interest.

Dr. Lapp traced the history of the splitting of the atom, and stated "that an atom of uranium gave off 100,000,000 times as much energy as an atom of coal." He says neutrons cause the uranium to split.

In years to come, Dr. Lapp thinks that the atom will save us when we get to the bottom of the barrel of the natural resources we now have, like; natural gas, oil, and coal. He also said that every person in the United States burns 1,000 gallons of petroleum each year, and that we will run out of these resources sooner or later.

Dr. Lapp said that an atomic bomb can wipe out the heart of a city, but that the radio activity is the worst thing that can happen in an atomic attack. To prove his point he related an incident that happened during the bombing at Hiroshima during the last world war. Some Japanese fishermen fishing

over 100 miles away at the time of the atomic explosion were burned critically.

"Congress is more concerned with making progress with atomic energy than the atomic energy men themselves," stated Dr. Lapp. He thinks that more money should be appropriated by congress to carry on experiments and work on the use of the atoms in peace-time.

Dr. Lapp also says that countries that have nuclear weapons are in a razor-edge situation, and the only way out of this is perpetual peace.

ASB To Revise Its Constitution

An ASB meeting will be held in the near future to discuss a revision in the school constitution.

Jim Watts, ASB president, appointed Charles McHaney, sophomore class representative, chairman of a constitution committee to work on the revision of the constitution.

The Student Council feels that a change is needed in certain sections that are very weak. The proposed revised constitution is posted on the bulletin board this week for student inspection.

All the changes will be explained and discussed at the meeting and revised copies will be handed out to all the students so that they will be familiar with the changes when they come up for a vote shortly.

Haney, vice president; Jim Longwell, treasurer; and Doreen George, secretary.

A committee was appointed to draw up a constitution and by-laws for this new organization. Wayne Mulkey, chairman of the committee, hopes to have the constitution ready to submit to the student council for ratification this week.

Bobo Hurls, Hawks Split Two Games

Left - hander Jim Bobo tossed a three-hit shutout against the Everett Trojan and led the Hawks to a 4-0 win; but the Col-Basin nine dropped the opener in the bottom of the seventh, 3-2, to give the Hawks a split on the Everett diamond.

The Hawks gained two runs in the third on a double by Larry Green with two men on base. The bird-men added another two on Lynn Gillespie's single with the bases loaded in the fifth. Jim (Lens) Bobo struck out four and walked only one in his neat three-hit performance.

Everett took in the first game in the last of the seventh when a pitcher Til Neal issued a free pass, a sacrifice, and a single to Larry Carlson which unknotted the score for a 3-2 Trojan victory. Neal allowed seven hits while striking out eleven Everett batsmen.

First game:
CBC _____ 000-002-0—2 3 3
Everett _____ 101-000-1—3 7 2
Neal and Bariether; Josephson and Grimes.

Second game:
CBC _____ 002-020-0—4 5 2
Everett _____ 000-000-0—0 3 3
Bobo and Bariether; Callen and Grimes.

McCullough Receives College Scholarship

Columbia Basin Junior College student, Angie McCullough, has received a \$200 leadership scholarship to Holy Names College in Spokane.

This scholarship will pay her tuition and arrange work for her. In order to receive this scholarship she had to have a high grade point average, and to be active in student affairs. She is president of the freshman class, a cheerleader and chairman of the Lecture Committee. She also serves on many committees at the college.

Hawks Win In Double Game

Columbia Basin College scored a double win over Skagit Valley last weekend, 3-0 and 15-3, to jump their conference record to a 3-1 mark.

The Hawk's Wayne Harter narrowly missed a perfect game in the opener, pitching no-hit ball until the last inning when the Cards got their only hit after two were out. Harter attained eleven strikeouts during his one-hit performance.

CBC went wild on a hitting spree in the second game scoring 15 runs. The Hawks jumped out into the lead in the first inning with a 4-0 lead, mainly as a result of Dick Lightfoot's three-run homer. Lightfoot aided the Hawk cause further getting three for five, followed by Del Bariether with a double and a single. Til Neal started the second game, but was relieved by Lynn Gillespie in the third.

First game:
CBC _____ 101-001-0—3 6 2
Skagit V _____ 000-000-0—0 1 4
Second game:
CBC _____ 420-040-5—15 9 4
Skagit V _____ 000-002-1—3 3 3

Tennis Squad Downs Clark

The Hawk tennis squad, sporting a nifty 6-0 record, put another win in their cap by downing the Clark JC tennis team 5-2 in a scheduled match at Vancouver last week.

Bob Nearants took the match's most exciting win, as he had to go the route to beat Orville Steed 3-6, 7-5 and 8-6.

Last year's junior college champion, John Marshall, swamped CBC's Don Dunham with a 6-0, 6-1 victory. Bill Nearants took the other match from George Wanamaker 6-3, 6-2.

In the second half Tom Burnside teamed three sets before downing Vern Beacock by a 6-3, 1-6, 7-5 tally. Bob Graham disposed of Bill Vail with an easy 6-3, 7-5 victory. Graham, by the way, forgot his tennis shoes and played the entire two sets in blue suedes.

John Marshall and Tom Sparks teamed together in the doubles match to pick up the other Penguin win by defeating the Nearants twins, 6-4, 6-2. Dunham and Bob Graham weathered a first game shal-lacking and went on to win 3-6, 6-1, 6-1.

Nearants, Clark Cop Love Wins In Tennis Match

CBC's undefeated tennis team claimed their fifth straight victory at the hands of the Yakima JC team by a lopsided 9-0 match win.

Bob Nearants and Dave Clark scored love wins over their opponents in singles competition. Bill Nearants topped Hubert with a 6-3, 6-3 score; Bob Graham beat Montgomery 6-1, 6-4; Tom Burnside defeated Hillenbrand by a 6-3, 6-3 margin; and Don Dunham took a 6-1, 6-0 victory over Seward.

In the doubles competition the Nearants brothers scored love victories over Chandler and Montgomery; Tom Burnside teamed up with Bob Graham to win 6-1, 6-1 over Peters and Hillenbrand; while Dave Clark and Don Dunham took the final match 6-1, 8-6.

Registrar Has Trip

Mr. George P. Askegaard, registrar, attended the Western Regional Conference of the President's Committee on Education on April 10-11 held in San Francisco. He went as the Washington State representative.

President Eisenhower asked the committee at the conference to attack the educational problem of our country above the high school level.

Key educational leaders, such as legislators, representatives from agriculture, business, and labor, were invited to attend the conference.

Students With High Points Create Society

On Friday, April 19th, a group of students met in room 7 to organize the Honor Society of Columbia Basin College.

The purpose of the organization is to promote academic excellence, to encourage maximum scholastic effort, and to foster the development of better citizenship among the student body.

A roster of officers was elected, including Herbert Aeschliman, president; Charles Mc-

CBC Sophomore Class Considers Constitution

Under the direction of Wyvil Kendall, president of the newly organized sophomore class, a constitution has been drawn up, and is to be found on the bulletin board for the perusal of all interested sophomores.

Nurses Plan For Graduation With CB Sophs

Columbia Basin College will graduate its tenth Practical Nursing Class with the regular graduating class Mrs. Crumley, director of the nursing school said today.

The capping and pinning, (which signifies a practical nurse from a trainee) will be held before regular graduation.

In November, 1952, Columbia Basin College started its first Practical Nursing class in the Pasco City Hall, since then nine classes have graduated with an average of 20 nurses in each class. Now for the first time in the history of the school, the nursing class will graduate with the regular graduating class.

The Practical Nurse trains for twelve months. Four months is spent in the Tri-City Nursing School in Pasco, Wash. where the student studies health needs of the well, care of the convalescent, care of the chronically ill, care of the mother and newborn, personal and vocational relationships, adulthood and old age, first aid, meal planning, home management and housekeeping, child development, body structure and functions. The next eight months is spent in local general hospitals gaining experience.

These hospitals, Our Lady of Lourdes and Kennewick General depend on the Practical Nurses to do all their bedside nursing.

The hospitals also pay the nurses 70 cents an hour for their time and effort, this has enabled many students to work their way through school.

The constitution states, among other things, that the purpose of the organization is to encourage, promote and regulate the activities of the sophomore class; that the elective officers shall be a president, vice-president, secretary and treasurer, with an advisor appointed by the administration of Columbia Basin College; that the class shall sponsor a yearly Homecoming dance, during the fall term; and shall be responsible for arranging graduation exercises for graduating sophomores.

Prior to drawing up the constitution, letters asking advice were sent to other junior colleges in the state. Only one among those that answered, Lewis College of Vancouver, had a regular constitution, and a copy of it was sent to Mr. Kendall as a suggested model. From this and from the constitution of C.B.C. Associated Student Body, the final draft was drawn.

The constitution will be voted on at the next meeting of the sophomore class.

"Most of the students are middle age women, who have raised a family and are mature and stable, but occasionally we do have some younger women who have chosen Practical Nursing as a career." Mrs. Crumley said, "and the demand for Practical Nursing is increasing more and more every day, I have placed nurses in almost every state in the union, which is something I am very proud of."

The Nursing school is situated at the Columbia Basin College Campus, the building is spacious and well lighted, all the latest conveniences are at hand for washing linens and bed clothes. The school also has a ward in one part of the building complete to the last detail, here the students can learn the various arts in caring for the sick and injured.

If after completing Practical Nursing a person wishes to become a Registered Nurse she must start her training all over again to win her cap of white.

Meistersingers To Sing Here

Columbia Basin College will sponsor a formal concert by The Meistersingers to be held at the Pasco High School auditorium May 12, 1957, Mr. Terry Crabbe music director said today.

This concert will be open to the public and will also serve as a regular class meeting for the music appreciation group under the direction of Mr. Bill Dutton who is also the director of The Meistersingers.

The program under the direction of Mr. Dutton accompanied by Mrs. Vincent of Elliptopia, Wash. will feature classical as well as popular songs, the group will be accompanied by a mixed chorus under the direction of Mr. Ames of Kennewick.

Several members of the Adult Education Choral class (led by Mr. Dutton) will assist in the program.

Prices for tickets which are now on sale are: \$1.50 for a family ticket and \$1.00 for individuals. "We hope to have a large turnout for the event," Mr. Crabbe said.

Elect Representatives In Mr. Oberst's Class

Elections were held April 15th in Political Science 102 to elect the chairmen for the Young Republican and Young Democratic Clubs of C.B.C.

Nominees for the Republicans were Bob Grantham, Robert Johnstone and Bert Boltz. Democratic nominees were Charles McHaney and James Longwell.

Bert Boltz and Charles McHaney won the chairmanships of their respective parties.

Mr. Walter Oberst, political science instructor, advises that the idea of these organizations is "for the purpose of the students getting their feet wet in politics."

Mr. Mike McCormack, of the State Legislature, is to speak to the class on the accomplishments of the legislature during the last session. The exact date of his appearance is not known at this time, however it will be in the near future.
